DITCH IMPROVEMENT NOTICE

February 27, 2018

VIEW AND FIRST HEARING – Winters Ditch # 181

TO THE OWNERS OF LAND AFFECTED BY THE PROPOSED IMPROVEMENT:

On January 3, 2018 a petition was filed to clean the Winters Ditch #181 to make it adequate to serve its watershed, located in Jackson and Ballville Townships, Sandusky County, Ohio, in a reasonable and feasible way. The construction of the improvement is necessary, will benefit the watershed, will be conducive to the public welfare, and petitions for the making of such improvement on the following course and termini, to-wit:

The proposed project begins Commencing; at a point on the existing ditch approximately 630 feet west of the point where Sections 27,28,33,and 34 meet in T4N, R14E, Jackson Township, Sandusky County, Ohio; thence following the route of the existing open ditch in an Northeasterly direction approximately 3,570 feet to State Route 590; thence crossing under State Route 590 and continuing in an Northeasterly direction approximately 7,125 feet to Township Road 100; thence crossing under Township Road 100 and going in a Northeasterly direction about 3,905 feet to Township Road 23; thence crossing under Township Road 23 and continuing in an Easterly direction along the north side of said road approximately 485 feet ; thence in a Northerly direction approximately 2,630 feet to Township Road 31; thence crossing under Township Road 31 and going in a Northeasterly direction approximately 2,041 feet to Sandusky County Road 12 ; thence crossing under Sandusky County Road 12 and going in an Easterly and Northerly direction approximately 5,125 feet to the south side of Township Road 37 in T4N, R15E, Ballville Township, Sandusky County, Ohio ; thence in a Southerly direction approximately 4,800 feet to Township Road 31 ; thence crossing under Township 31 and going in a Southerly direction approximately 200 feet to State Route 12; thence crossing under State Route 12 and going in a Southerly and an Easterly direction approximately 1,370 feet to State Route 53; thence crossing under State Route 53 and going in an Easterly and Southerly direction approximately 680 feet and there terminating at the Sandusky River.

ALSO.....There is also a lateral (Garn Ditch) that begins in the open ditch approximately 2,635 feet north of Sandusky County Road 13, where the center of Section 25 and 26 meet in T4N, R14E, Jackson Township, Sandusky County, Ohio; thence heading in a Northeasterly direction for approximately 3,650 feet; thence crossing under Township Road 23 and entering into the Winters Ditch.

The Board of County Commissioners of Sandusky County, Ohio, set the **VIEW** date for March 20, 2018 at 1:30p and the **FIRST HEARING** for May 22, 2018 at 1:30 p. Both meetings will be held at the office of the Sandusky County Engineer at 2500 W. State St. in Fremont, Ohio.

Please note that the **VIEW** is slated for interested parties to simply see the proposed improvement. The **FIRST HEARING** is the time to raise questions and offer comments. Everyone received a notice who we believe to be in the Winters Ditch watershed or just outside of the watershed. **IF** this project is approved at the **FIRST HEARING** we will then verify the actual watershed and make corrections at that time. If you have any questions, please contact the Sandusky County Engineer's Office, 2500 W. State St., Fremont, Ohio, 43420.
