All materials rejected shall be immediately removed from the work and not again offered for inspection. Any materials or workmanship found at any time to be defective shall be remedied at once, regardless of previous inspection. The inspection and supervision of the work by the Engineer is intended to aid the Contractor in supplying labor and materials in accordance with the specifications, but such inspection shall not operate to release the Contractor from any of his contract obligations.

## XIV ESTIMATED QUANTITIES

The Contractor agrees; that the quantities of work as indicated on the plans are only approximate; that during the progress of the work the County may find it advisable, and shall have the right, to omit portions of the work and to increase or decrease the quantities; and, that the County reserves the right to add or to take from any item as may be deemed necessary or desirable. The Contractor shall and will at no time make claims for anticipated profit or loss of profits, or damages of any kind, because of any difference between the quantities of the various classes of work actually done, or of the material actually furnished, and the said estimated quantities.

## XV EXTRA WORK

The Contractor shall do any work and/or furnish any materials not herein provided for, which in the opinion of the Engineer, may be found necessary or desirable for the completion of the work. No extra work will be paid for or allowed unless the same was done upon written contract with the Owner, and after all legal requirements have been complied with. The Contractor agrees that he will accept as full compensation for extra work, so ordered an amount determined by one of the following methods:

1. Unit prices stated in the proposal, if applicable; or
2. A price mutually agreed upon, in writing, by the Engineer and the Contractor; or
3. A sum equal to the actual net cost of materials and labor (including premium for Workmen's Compensation Insurance) plus agreed rental, for equipment necessary for the extra work, to the sum of which may be added fifteen (15%) per cent as compensation for all other items of expense, including overhead, superintendence, use of small tools and other insurance.

The decision of the Engineer as to whether extra work in fact has been performed shall be conclusive and binding upon both parties to this contract.

**XVI TIME OF COMMENCEMENT AND COMPLETION AND LIQUIDATED DAMAGES**

The Contractor shall commence work within ten (10) days after the notice to proceed and the rate of progress shall be such that the whole work shall be completed and the site cleaned up in accordance with the contract, unless an extension of completion date shall have been granted by the Owner.

The time of completion of the parts of the work is of the essence of the contract, and should the Contractor neglect, refuse, or fail to complete the work to be done under the contract within the time herein agreed upon, after adding all extensions of time granted by the Owner, then in that event the Owner shall have and is hereby given the right to deduct and retain out of such money, which be then due, or which may become due and payable to the Contractor for the work to be done under this contract, the sum of Two Hundred Dollar (\$200.00) per day for each and every calendar day that the work is delayed in its completion beyond the agreed time. Said sum per-day for such delay, failure or non-completion shall be deemed, taken and treated as liquidated damages which the Owner will suffer by reason of such default, including but not limited to extra cost of engineering and inspection, and not by way of penalty.

**VII NO WAIVER OR RIGHTS**

Neither the inspection of the Engineer or Owner or any of their employees, nor any order, measurement or certificate by the Engineer or Owner, nor any order by the Owner for the payment of money, nor any payment for, or acceptance of the whole or any part of the work by the Engineer or Owner, nor any extension of time, nor any possession taken by the Owner or its employees, shall operate as a waiver of any provision of the Contract, or of any power herein reserved to the Owner, or any right to damages herein provided, nor shall any waiver of any breach of this Contract be held to be a waiver of any other or subsequent breach. Any remedy provided in this Contract shall be taken and construed as cumulative; that is, in addition to each and every other remedy herein provided; and in addition to all other suits, actions or legal proceedings, the Owner shall also be entitled as of right to a writ of injunction against any breach of any of the provisions of the Contract.

**XVIII FINAL PAYMENT TO RELEASE THE OWNER**

The acceptance by the Contractor of the final payment shall be and shall operate as a release to the Owner of all claims and all liability to the Contractor for all things done or performed or relating to the work, and for every act and neglect of the Owner and others relating to or arising out of the work, excepting only his claims, if any, for amount withheld by the Owner, upon final payment. No payment however, final or otherwise shall operate to release the Contractor nor his Sureties for any obligation upon or under this Contract or the Contractor's Bond.

**XIX SEQUENCE AND PROGRESS OF WORK**

Before commencing work, the Contractor shall submit a schedule of contemplated progress of the work to the Engineer for approval and shall make such changes in the schedule as the Engineer may require for approval.

The Engineer shall have the power to direct the order and sequence of the work, which in general shall be to coordinate the Construction of the several parts of the contract to a successful completion as rapidly as possible. If, at any time before the commencement or during the progress of the work, the materials and appliances used or to be used appear to the Engineer as insufficient or improper for securing the quality of work required, or the required rate of progress, he may order the Contractor to increase efficiency or to improve their character and the Contractor shall conform to such order, but the failure of the Engineer to demand any increase of such efficiency or any improvement shall not release the Contractor from his obligations to secure the quality of work or the rate of progress specified.

**XX MONTHLY ESTIMATE**

On or about the first day of each month the Engineer will make an approximate estimate of the value of the work done, whenever said estimate of work done since the last previous estimate exceeds One Thousand Dollars (\$1,000.00) in amount. The Contractor shall furnish to the Engineer such detailed information as he may request to aid him as a guide in the preparation of monthly estimates. Estimates approved by the first (1st) of the month will be paid by the twenty-fifth (25th) of the month. Estimates approved by the fifteenth (15th) of the month will be paid by the eleventh (11th) of the following month. Ninety-two percent (92%) of such approved estimate will be paid, in accordance with Section 153.12 - 153.14 of the Ohio Revised Code. No additional retention will be withheld from estimates made after fifty percent (50%) of the contract amount has been paid.

**XXI FINAL ESTIMATE**

The Engineer shall within thirty (30) days after the work has been finally and fully completed, in accordance with the contract and specifications, make a final estimate of the work done under such contract and the value thereof. And the Owner shall, within thirty (30) days after such estimate is made and certified, and upon completion of the work to the approval of the Engineer, pay the entire sum so found to be due hereunder, after deducting all percentages and amounts to be kept and retained under any provision of the contract documents. All prior estimates and payment shall be subject to corrections in the final estimate and payment, but in the absence of error or manifest mistakes, it is agreed that all estimates on the certificate of the Engineer, when approved by the Owner, shall be conclusive of the work done and materials furnished.

Before the final payment is made, the Contractor must furnish an affidavit to the Owner that all bills for labor and materials have been paid; and an affidavit to the Owner stating that he has fully complied with Chapter 4115 of the Ohio Revised Code; and an affidavit to the Owner stating that he has fully complied with Sections 153.59 and 153.60 of the Ohio Revised Code.

A properly executed Power of Attorney showing the authority of the person or persons executing the bond for the Surety or Sureties at the date of the bond;

or

A Certified Check

Note: The blank on the bond form where surety indicates the ceiling amount of the bond is not the penal sum of the bond, but the maximum surety will bond the bidder. If there is an error in the extension of unit prices and the total bid exceeds the ceiling amount indicated, the bid will be declared informal and may be rejected. In the event the contract were offered to the bidder, a new bond would be required. The words "Unlimited Dollars" are acceptable, if that is in fact the relationship between the bidder and his surety. The words "100% of the Contract" are also acceptable. The ceiling amount should not exceed the maximum dollar amount indicated on the Power of Attorney.
